

Work continues on reorganising BAFF to change its structure from a registered Company Limited by Guarantee to an ordinary unincorporated association.

The driver for the change is simply cost, specifically the next year's fee quoted by the accountants who act as company secretaries and provide the registered office.

The website will continue, as will volunteers' work on cases and campaigns.

Restructuring requires a formal decision to liquidate the Company. Only members with a current subscription as of today have a formal right to participate in that decision, but all registered BAFF Military Supporters are welcome to contribute their views and to ask questions.

More updates will follow.
